

**Lancaster County Fire Chiefs Association
Standards Committee Meeting**

Date: February 27, 2013

Time: 7:00pm

Adjournment: 8:45pm

Location: LCPSTC

Attendance: Joe Mohr, Jeff Martin, Tim Cox, Gerald Wolfe, Duane Ober, Rick Harrison, & Eric Bachman

Business

Eric presented updated apparatus SOG's for the committee to review by the next meeting. There was discussion on the possibility of eliminating the multi-task designations. Rick suggested to table this matter until the committee members have read and reviewed the checklists. There was some discussion on the Engine/Rescue category. All above items will be discussed at the next meeting.

The committee decided to add a 9000lb (minimum) winch to the Rescue standard to take effect January 1, 2014.

There was discussion on creating an ATV designation. Rick will contact the surrounding Counties to verify how they are designating ATV's and report back to the committee.

The committee decided to turn Traffic Unit inspections over to the Fire Police Task Force. The Task Force is also being asked to review the current checklist and make any revisions. Revisions will be brought back to the committee for approval.

Rick will be meeting with the boat companies to determine if separate standards need to be created for Inflatable and Hardbottom Boats.

Joe will be checking with the committee members on the possibility of changing the meeting dates.

There being no further business, the meeting was adjourned.
